SCOPE OF SERVICES, RESPONSIBILITIES AND DUTIES OF THE SERVICE PROVIDER / SURVEYOR				
1	Service Provider must ensure that marks and numbers wise perfect carting tally is taken at the time of Carting.			
2	Service Provider must ensure that cargoes are correctly labelled			
3	Service Provider ensures that cargoes are stacked neatly and in proper order inside the warehouse.			
4	Service Provider must ensure that survey of all carted cargoes for damages is taken at the time of carting. Cargo condition survey / Damage survey for all cargoes must be taken by the Service Provider on a daily basis irrespective of carting survey. Photographs of all damaged cargoes must be emailed to the Service User immediately.			

5	Lot-wise carting photographs must be taken by the service provider showing the status of the cargoes inside the warehouse.
6	Service Provider will accurately measure all cargoes as per instructions of the service user or customer's of the service user and provide Measurement slips to the service user.
7	Service Provider must stuff cargoes as per Load Plan / cargo planning provided by the service user.
8	Service Provider must provide shipping bill wise photographs of all cargoes inside the container at the time of stuffing.
9	Service Provider must provide stuffing tally as per marks and numbers.
10	Service Provider is responsible to keep information regarding the locations of individual cargoes and shipping bills per Service User wise so that cargoes are easily identified and located at the time of stuffing.
11	At the time of carting the Service Provider must ensure that mixed lots of same shippers are sorted, segregated and stored in separate areas inside the warehouse. Based on the experience of Service Users, the incidents of cross stuffings are very high for mixed lots, i.e., for two or more shipments of the same shipper. Specific attention has to be paid to the marks and numbers.
12	Service Provider is responsible to ensure that a shifting tally is taken for cargoes to be shifted from the reserved space area / general space area of other service users to this service user.
13	Stuffing Requisition to be prepared and stuffing permission to be taken by the Service Provider from customs.
14	Service Provider is responsible for obtaining customs permission for adding or deleting shipping bills to the stuffing plan / CLP.
15	Service Provider is responsible for obtaining seal from customs and for sealing containers. Service Provider is responsible for container movement of loaded containers.
16	Service Provider is responsible for obtaining customs endorsement on shipping bills and CLP.
17	All data entry and photographs download in the software systems of the service user to be done by Service Provider.
18	Handover of Shipping Bills of stuffed containers to the shipping line will be the responsibility of the Service Provider. Service User is free to carry out this activity on their own.
19	As per requirement, Service Provider has to provide fixed staff for the day to day work requirements of the Service User. Staff cannot be changed without the consent of the Service User.
20	Carting reports / Stuffing / Destuffing report / etc will be provided by the Service Provider to the Service User on daily basis by email.
21	If Service User uses the services of the Service Provider or Service Provider nominated surveyor company for cargo surveys, container survey, damage surveys, general surveys and for all survey requirements related to cargo and containers then Service Provider is responsible and liable for all incidents of cross stuffings of cargoes at destinations. Service User will arrange for re-sending / re-routing cargoes to the proper destination however all costs will be borne by the Service Provider.
22	a) Service Provider will be responsible and liable for all short landings and over landings of cargoes at destinations.
23	Tariff agreed for all survey services mentioned under clause 15 for consol & FCL containers, by the Service Provider is Rs 400 per 20' and Rs 800 per 40'. This survey tariff excludes the Container survey fee's of Rs 200 per 20' and Rs 400 per 40' container agreed by and between the service user and the service provider.
